**New Family Medical Walk-In Clinic Opens in Ozark****FOR IMMEDIATE RELEASE**

December 3, 2008

(Ozark, MO) Area residents now have more healthcare choices with Family Medical Walk-In Clinics new urgent care facility in Ozark, Missouri. Located one block east of Lambert's, the newest walk-in clinic offers treatments for minor illnesses and injuries.

"Ozark is an ideal location for our newest clinic," said Brian Casey of Family Medical Walk-In Clinics. "Rather than having to drive to Springfield for urgent care, Ozark residents now have access to convenient, affordable healthcare right where they live."

Family Medical Walk-In Clinics has clinics in Springfield, Nixa, Republic, and now Ozark. They accept most health insurance plans, and provide general medical care for patients of all ages who do not have a private physician and for those who are unable to arrange an appointment with their primary care physician.

Casey adds, "Patients are always welcome to walk into our urgent care clinics, so there's no need to make an appointment."

Family Medical Walk-In Clinics also offers Affordable Care Solutions, a medical discount membership program available to individuals and companies which allows patients to pay only \$30 per office visit. For more information about Affordable Care Solutions or Family Medical Walk-In Clinics, call (417) 581-1270 or visit their website at ([www.fmwic.com](http://www.fmwic.com)).
